

THROWS A BOMB INTO MEETING

General Fred U. Grant Startles Peace Advocates.

GOOD NAVY AND GOOD ARMY

He Says They Can Do More to Bring About Peace Than All the Speeches of Well-Fed Delegates—Soldier Loves Peace So Much He Is Willing to Fight to Obtain It—Conference at Chicago Ended.

Chicago, May 6.—General Frederick Dent Grant, commander of the department of the Lakes of the United States army, threw a bomb into the closing session of the second national peace congress in this city.

General Grant appeared unexpectedly at the Chicago Association of Commerce banquet, which wound up the three-days' gathering of peace envoys, and attacked the theories which had been carefully outlined by the various speakers concerning world peace. "A good navy and a good army can do more to bring about peace than all the speeches of well-fed delegates," said General Grant. "The soldier is the peace lover. We love peace so much that when we are in trouble we fight to bring it about."

"If nations are prepared to defend themselves and stand firmly, and a war is going to cost more than it is going to return, I think that the patriotism of the people and the good judgment of the statesmen will prevent war."

The closing day was notable for three other features—the smothering of resolutions introduced by a socialist and somewhat tinged with the sentiments of that party; the addresses of the official representatives of various

GENERAL GRANT.

nations and the adoption of appropriate resolutions. Ambassador Count von Bernstorff of Germany and Minister Wu Ting Fang appeared for their respective countries and illness in his family alone prevented the presence of Herman de Lagercranze, the Swedish minister. Richard A. Ballinger, secretary of the interior, represented the United States. Others of the international representation were Alfred Mitchell Innes, counselor of the British embassy; K. Matsubara, Japanese consul at Chicago, and Dr. Halvdan Koht of the University of Norway.

Entertained at Banquet.

The delegates were entertained at a banquet given by the Chicago Association of Commerce, Secretary Ballinger and Congressmen Tawney and Bartholdt being among the speakers. Ambassador von Bernstorff spoke not only at the peace conference and the banquet, but also at a luncheon given in his honor by the Industrial club of Chicago.

Congressman Bartholdt presided at the afternoon session of the congress, introducing the foreign speakers with great suavity, save once, when he tangled the respective countries of the German and the Chinese diplomats, in a way which aroused much merriment.

"I have a happy announcement to make," he continued, "namely, that the negotiations which have been dropped for a year or so for an arbitration treaty between the United States and Germany have been resumed and there is every reason to believe that they will be carried to a successful conclusion in the very near future."

In introducing Mr. Innes, Mr. Bartholdt declared that not one dollar had been expended to fortify this country against Canada, and he referred to the fact that at the last Hague conference America and Great Britain stood together on a resolution for gradual disarmament of the nations. For the benefit of Mr. Matsubara,

touching on the late race troubles in California, the congressman smilingly remarked that war clouds in the United States have a singular propensity for darkening the horizon just before the matter of appropriations for the army and navy came up.

At the banquet Mr. Bartholdt spoke of an organization which he said would come into being this week at Washington, having for its objects international arbitration and a larger navy.

"Peace and war at the same time," commented the speaker.

SITUATION IS DESPERATE

Food and Medical Supplies Needed at Hadjin, Asiatic Turkey.

Hadjin, Asiatic Turkey, May 6.—Notwithstanding the presence of the troops here, the situation is desperate owing to the lack of food and medical supplies. The troops arrived just in time, as the besiegers had succeeded in setting fire to a house on the edge of the city. The fire spread, but as the breeze was blowing away from the town, only five buildings were destroyed. A heavy rifle fire was kept up against those who tried to extinguish the flames.

SAW MONEY GIVEN TO THE DEMOCRATS

Private Detective Makes Startling Statement.

Madison, Wis., May 6.—Frank T. Wagner, a private detective of Milwaukee, made the startling statement to the senatorial investigating committee that he saw money handed over to State Assemblymen Ramsey, Farrell and Towne (Democrats) at the Plankinton House in Milwaukee on the second Saturday before March 4, the day that Senator Isaac Stephenson was elected United States senator by the Wisconsin legislature.

The money, Wagner said, was brought to the Plankinton House in Milwaukee by Mr. Puelicher, cashier of the Marshall & Hsley bank, and handed to M. J. Regan, who paid it out.

The affair was witnessed by Wagner through a transom of an adjoining room, according to his testimony, the money handled being in two packages.

Mr. Puelicher, who acted as Senator Stephenson's banker in Milwaukee during the senatorial campaign, is now in Europe for the benefit of his health.

The story is taken with much salt. The assemblymen involved declare it to be utterly false.

On March 4 Stephenson had 63 votes and the opposition 62, giving Stephenson a majority of one. Ramsey, Towne and Farrell, Democrats, stayed out of the chamber during the vote.

Had they remained and voted as they had been doing before, for a Democrat, Stephenson would not have had a majority, for there would have been 65 opposition votes to stop Stephenson's election.

Assemblyman Ramsey declared that when Wagner swore before the senatorial investigation committee that he saw him in a room at the Plankinton House a few days before the election of United States Senator Stephenson he deliberately lied.

ADVANCES ANOTHER STEP

Prosecution Makes Progress in Calhoun Trial.

San Francisco, May 6.—The prosecution advanced another step in the case against Patrick Calhoun, charged with bribery in connection with the overhead trolley franchise.

William M. Abbott, general attorney of the United Railroads, was placed on the stand to tell of having taken from the mint in May, 1906, \$50,000 in currency, the money which the prosecution declares it will show was paid to the supervisors.

Abbott testified that he went to the mint, then the general banking place of the company. He said that on the presentation of telegraphic orders from Mr. Calhoun, sent from Cleveland, O., the money was done up in two packages and the two attorneys took it to the United Railroads office, where it was placed on a table. Abbott said that he had no knowledge of what became of the money after that. Again in July, 1906, he said he went with Ford to the mint and helped carry away \$100,000 in the same way. Of the final disposal of this sum he was ignorant.

RESUMED IN THE SENATE

Reading of Tariff Bill for Adoption of Amendments.

DEMOCRATS MAKE OBJECTIONS

Oppose Proposed Increase of the Duty on Celluloid—Storm of Criticism Called Forth by Amendments on Lead Ore and Lead Products From Which Paint Is Manufactured—Nelson and Bristow Oppose Them.

Washington, May 6.—The reading of the tariff bill for the adoption of amendments, passed over when the measure was first read, was resumed having been displaced since April 23 by speeches of senators, who have discussed the tariff measure as a whole.

On motion of Senator Aldrich the duty on blue vitriol or sulphate of copper was reduced from one-half to one quarter of one cent per pound.

Mr. Aldrich agreed that any amendment whether it had passed over or not might be amended without the formality of a motion to reconsider.

Mr. Culberson appealed to the chair for a vote on all amendments rather than to have them adopted by a statement of the chair that without objection they would be adopted.

The proposed increase of the duty on celluloid to the Dingley rate of 65 cents a pound and 25 per cent ad valorem instead of 50 cents and 20 per cent, as fixed in the house bill, called out Democratic objection and there followed a long discussion on the lower level of Japanese labor, which produces most of the competition for the American celluloid, the higher duties being retained.

Called Forth Criticism.

Amendments on lead ore and lead products from which paint is manufactured called forth a storm of criticism. Senator Bristow moved that the house provision of 27 1/2 cents per pound instead of 3 3/4 cents per pound on orange mineral as proposed by the committee, be retained in the bill, this being the first of the committee's series of increases relating to lead that was reached. Mr. Bristow declared that this rate meant an increase on all the paint used by farmers and in that statement he was joined by Mr. Nelson.

Mr. Aldrich replied that the increase only made the duty the same as that provided in the Dingley law.

Mr. Burkett said that such an explanation was not satisfying to senators. "The Dingley law may have been all right for the day in which it was made," he said, "but now we are making another bill, the reason for which is found in the changed conditions. Hence I want to know more of the reasons for this change."

Mr. Aldrich replied that the duty amounted to about 75 or 100 per cent ad valorem and added that it had always been the policy of congress to protect the lead industry, which was the leading industry of some states.

EMBEZZLEMENT IS CHARGED

Former Adjutant General of Washington Arrested.

Olympia, Wash., May 6.—Ortis Hamilton, former adjutant general of the state of Washington, was arrested at the instance of Governor Hay, charged with embezzlement and forgery. Hamilton is alleged to have stolen \$50,000 from the state military fund. The warrant charges embezzlement of \$11,000.

An investigation of Hamilton's ledger showed that one regiment of the state militia had been supplied with 500,000 shells at a cost exceeding \$17,000. War department officials declare that no such purchases were made from the federal arsenals. The ammunition forgeries for 1907 and 1908, so far as discovered, it is said, amount to \$13,158.

GREAT DAY IN MILWAUKEE

German Athens of America Entertains the Kaiser's Envoy.

Milwaukee, May 6.—This city, which has a larger proportion of citizens of German birth or descent than any other in the United States, is outdoing itself today in its welcome to Count Johann Heinrich von Bernstorff, the German ambassador to this country.

Count von Bernstorff will remain here two days. He was welcomed to the city by Mayor Rose and other officials and will be the guest of honor at a banquet to be given by the Citizens' Business league. At the banquet he will speak on "Social Reforms in Germany."

HYPOTHETICAL DAY IN THE HAINS TRIAL

Long Question Propounded to Alienists by Defense.

Flushing, N. Y., May 6.—It was "hypothetical day" at the Hains trial. For nearly two hours the jury listened to the reading of the hypothetical question, containing more than 10,000 words, as propounded by the defense upon which three alienists are to predicate their opinions of the mental condition of the defendant, Captain Peter C. Hains, Jr., when he shot and killed William E. Annis at the Bayside Yacht club.

During the cross-examination of the first alienist, Dr. L. Samuel Manson, forms of insanity ranging from ordinary melancholia to the ravings of a hopeless lunatic were discussed. The jury and everyone but the witness at times appeared to be lost in the weird maze of psychical phenomena.

In answer to the hypothetical question which covered practically all the actions and speech of the defendant tending to show irrationality as put in evidence, Dr. Manson declared that Captain Hains was suffering from "impulsive insanity" at the time he killed Annis. He had been the victim of "manic depressive insanity," the day on which his wife, Claudia, is alleged to have confessed to him of her relations with Annis, up to the time of the shooting.

"Manic depressive insanity," the alienist explained, "was a form of stuporous melancholia," "subject to violent maniacal outbursts," such as Captain Hains is alleged to have experienced when he shot Annis. The period of "impulsive insanity," the witness said, lasted from the time the defendant first heard the name of Annis mentioned on the Bayside Yacht club float, until the last of the eight bullets had been discharged into the body of his victim. Then, according to the alienist, a relieving "quiescence of mind" from the "pent up fury" followed, and the defendant lapsed into a state of "manic depressive insanity." His mental condition had improved since that time, he added.

Dr. Manson was still on the witness stand under cross-examination when court adjourned. He had parried the district attorney's searching questions in apparently learned manner and the prosecutor was unable to discredit his direct opinion in any material particular.

TORNADO DEVASTATES CITY

Impossible to Confirm Reports of Oklahoma Storm.

Muskogee, Okla., May 6.—It is reported here that a tornado has swept Carter county, Oklahoma, and that Ardmore, a town of 15,000, has been devastated. All wires in the vicinity are down and it is impossible to confirm the reports. Western Union Telegraph company advices tell of a severe storm near Ardmore.

Costly Fire at Aberdeen, S. D.

Aberdeen, S. D., May 6.—Only the brick depot of the Great Northern prevented a gale sweeping fire through the city when the elevator and implement house of Freeman, Bain & Co. was destroyed. The loss is \$80,000. Part of the loss, \$20,000, falls on Lindsay brothers of Minneapolis.

RETURNS FROM COLORADO

James A. Patten Again Conducting Market Campaigns.

Chicago, May 6.—James A. Patten of the brokerage firm of Bartlett, Patten & Co., of this city, whose deals in wheat have brought him into international notice recently, has returned to his Evanston residence. He has been resting on his Colorado ranch during the past two weeks. He has kept his presence a secret and is conducting his market campaigns from his residence, where he has had special wires put in.

CANADIAN TOWN WIPED OUT

And Another One Partially Destroyed by Fire.

Vancouver, B. C., May 6.—Wesley, a lumber town thirty miles west of Nelson, has been practically wiped out by fire. The loss includes the Yale-Columbia company's mill and the lumber in the vicinity. Loss, \$100,000. The town of Maria, in Upper Okanagan, was also partly destroyed. The loss is probably \$150,000.

Iowa Student Drowned.

Madison, Wis., May 6.—Emil Van Trott, a senior in the University of Wisconsin, was drowned in Lake Mendota. His home is in Keokuk, Ia. Van Trott was out in a skiff with another student, Otto C. Berry, and two women students. Berry assisted the girls to hang to the capsized boat until assistance came. The boat was overturned and upset when the occupants became careless.

Aitkin yesterday noon returned home
today.

Wm. Murray came down from Nisswa
this forenoon and expects to return to-
night.

C. G. Osterlund came up from St.
Paul today and is visiting friends in
this city.

Hon. S. F. Alderman returned this
afternoon from a visit to Aitkin on
business.

Miss Kohlaas went to the twin cities
this morning for a two weeks visit
with friends.

Mr. and Mrs. W. H. Lawrence went
to Duluth this morning for a brief visit
with relatives.

W. C. White came from Deerwood
this noon and went to the twin cities
this afternoon.

D. M. Clark & Co.'s new stock of
wall paper just arrived. Price 10c to
35c double roll. 251tf

Ben. F. Meyers enjoyed a visit from
his brother, Sam T. Meyers, of Park
Rapids, yesterday.

Ole P. Erickson went to St. Cloud
this morning. He may visit the twin
cities before returning.

Leon E. Lum of Duluth, came in
from the twin cities today and has been
transacting business in this city.

G. A. Osgood, of Bemidji, was a
Bemidji, was a Brainerd visitor last
night, being registered at the Antlers.

Victoria Lodge, No. 24, S. of H.,
will give a social dance at Baker's hall
on Tuesday evening, May 11. 284t5

James Mahoney and Gus Raymond
returned today from a fishing expedi-
tion up the Minnesota & International
railroad.

Phone D. M. Clark & Co., to get
your lawn mower repaired and sharp-
ened. Satisfaction guaranteed. 251tf

Miss Ethel Lawrence, one of the
nurses at the Northern Pacific hospital,
went to St. Paul this morning for a
few days visit.

Mrs. E. R. Masson, Mrs. Wm. Reid,
Mrs. James Brownlee and Miss Belle
Whitten came from Deerwood on the
noon train today.

Charles Rosenkranz and family left
today for Frazee, Minn., where he will
be employed in the mill of which E. A.
Shew is superintendent.

Miss Mayme Saunders has been com-
pelled to resign her school at Roseau,
Minn., on account of ill health, and is
expected home in a short time.

V. N. Roderick, the newly elected
city clerk, was in his office today hav-
ing his bonds made out and qualifying,
taking hold of the office this afternoon.

The winners of misspelled word
prizes at the Bijou last night were
Mrs. Anton Claus, first prize, and Mrs.
Phillip Tardy second. The word was
candies.

Orne Sells sewing machines, washing
machines, rugs (all sizes), clocks and
wringers for cash or on easy payments
at the Singer store. 252tf

Mr. and Mrs. O. T. Oliverson, of
Hubert, were in Brainerd yesterday
on their way to Huxley, Iowa, where
they will remain until the fall caring
for Mr. Huxley's father.

D. M. Clark & Co. have a new method
of putting rubber tires on go-carts.
251tf

C. R. Forsberg, manager of the
Blackhawk Mercantile Co., which ship-
ped the Cale stock of goods to Prince-
ton, Minn., this week, left for that
place on the early train this morning.

Mrs. Floyd Brown and little one re-
turned today to their home in Bemidji
after a visit at the home of her par-
ents, Mr. and Mrs. L. P. Johnson. Mr.
Johnson accompanied her to Bemidji.

Jacob Schmidt's bottle beer is deli-
cious. We have the agency. Order a
case. Telephone 164 John Coates Liquor
Co. tf

F. Burt Mooers, editor of the Brainerd
Arena and Miss Florence DuBois, of
Montevideo, Minn., were united in
marriage in that city Wednesday, May
5. The many friends of Mr. Mooers in
this city, will extend congratulations.

The "Girls" company went to St.
Cloud on the afternoon train today.
They were greeted with a very fair
house last night and gave a very satis-
factory performance, the play causing
an almost continuous round of laughter.

D. M. Clark & Co. the oldest install-
ment house in the city. Goods sold
on easy terms. 251tf

Fred S. Parker returned from his
farm at Parkerville. He says he
thought yesterday that the stormhoo
which follows his visits to the farm had
been broken, but today convinced him
to the contrary.

Miss Eleanor Saunders has resigned
her position as pianist at the Bijou and
is succeeded by Mrs. Nellie Benjamin.
Miss Saunders and her little sister went
to Pequot yesterday afternoon to join
Mr. and Mrs. Saunders at the state fish
camp for a while.

Having secured a first class shoe-
maker we will be able to do all kinds
of shoe repairing on short notice. All
work guaranteed satisfactory. Golden
Rule Shoe Store. 270tf

Letters from from Mrs. John Coch-
rane, who is at Seneca, Kan., visiting
her mother, state that there were
heavy frosts there at the time of the
cold snap here. The trees were all in
blossom and it is thought that the fruit
crop is ruined in that section.

Miss Minnie D. Green, state organizer
of the W. C. T. U., will speak at the
First Methodist Episcopal church Fri-
day evening, April 14, at 8 o'clock.
Miss Green is scholarly, intellectual
and entertaining. No charge will be
made but a collection will be taken up.

F. E. Oberg and J. O. Hage came
down from Deerwood last evening on
the freight to attend "The Girls." Mr.
Hage returned home on the freight
this morning, while Mr. Oberg re-
mained to transact business in the city
today.

G. A. White, of St. Paul, auditor for
the Northern Pacific, and J. C. Schultz,
auditor of the Minnesota & Interna-
tional railway, are busy today check-
ing out Herman Davis, as city ticket
agent. Mr. Davis expects to leave
about Friday for Spokane.

P. F. McQuillan, of Aitkin, who went
to West Baden and Mudlavia, Ind., a
few weeks ago, suffering from rheu-
matism, returned today much improved
in health. He says the change from
the greenness of spring there to the
dreariness of winter here was depress-
ing, to say the least.

Mr. and Mrs. F. W. Eggleston, of
Columbus, Ohio, who have been spend-
ing the winter with Col. and Mrs.
Freeman Thorpe, of Hubert, left this
afternoon for Jackson, Mich., where
they will visit before going to their
home. Mr. Eggleston and Mrs. Thorpe
are brother and sister, while Mr.
Thorpe and Mrs. Eggleston are cousins.

Miss Carrie Tyler, who has been vis-
iting in St. Paul, for several weeks,
was called home by telegram to take
up the work of clerk for her father,
Roadmaster T. J. Tyler, during the
time when the company has extra
gangs and gravel trains at work on the
track on the second district of the Lake
Superior division.

The city water and light board met
last evening but transacted no busi-
ness. It is understood that they will
follow the rule adopted last fall and
make the man with the six year term
chairman and after that time the sen-
ior member will be chairman, thus each
holding the position the last two years
of his term. No action was taken as
to the election of a secretary to succeed
Judd Wright.

**Remember Lady Maccabees danc-
ing party at Cale's hall Friday even-
ing, May 7th. Tickets 25 cents.
Good music. 284t2**

The new police force and the new
municipal judge transacted business this
morning. There were two culprits,
Ralph Mackaman was up charged with
defrauding John H. Schamp. He se-
cured a team at Schamp's livery, giv-
ing an order on a local cedar company
as payment, when as a matter of fact
he was not working for them nor did
they owe him anything. Judge War-
ner gave him a fine of \$20 with an al-
ternative of 15 days in jail. He took
the alternative. J. Heffren, a trans-
ient, drew five days on a vagrancy
charge for lack of money to pay a fine.
Judge Warner ordered both prisoners
confined in the city jail, the new char-
ter substituting that for the county
jail as a place of imprisonment, where
prisoners are charged with misdemea-
nors.

This Will Interest Mothers
Mother Gray's Sweet Powders for
Children, a certain relief for Feverish-
ness, Headache, Bad Stomach, Teething
Disorders, move and regulate the Bowels
and destroy Worms. They break up
Colds in 24 hours. They are so pleasant
to the taste and harmless as milk.
Children like them. Over 10,000 tes-
timonials of cures. They never fail.
Sold by all druggists. 25c. Ask to-day,
Don't accept any substitute.

SMOKE NOT NECESSARY.
Experts Say Plants Can Be Operated
Without Producing It.

That there is no longer any neces-
sity of polluting American cities with
volumes of smoke and that practical
smoke consumers can be obtained at
reasonable prices and operated with
economy are the assertions of the tech-
nologic branch of the geological sur-
vey.

The experts assert that in their ex-
periment station at Pittsburg they are
successfully operating a smokeless
plant and making steam economically
with a coal heretofore regarded as
refuse and delivered at the station for
88 cents a ton. They declare further
that they have found similar condi-
tions in a number of mercantile estab-
lishments and that the belief that
smokeless plants cannot be operated
on a commercial basis is without founda-
tion.

Don't drug the Stomach, or stimulate
the Heart or Kidneys. That is wrong.
It is the weak nerves that are crying
out for help. Vitalize these weak inside
controlling nerves with Dr. Shoop's re-
storative and see how quickly good
health will come to you again. Test it
and see! Sold by H. P. Dunn. t t tf

A Cowboy Spider.
"Faking aside," said the nature stu-
dent, "there is in New Zealand a cow-
boy spider. This creature throws a
coil of web like a lasso over its prey's
head, then adds more and more coils
and when the prey is bound hand and
foot devours it.

"There is a Borneo spider that in
the spring days plays a fiddle. It is a
common thing for a lovesick spider to
dance before his girl, but this Borneo
boy my drawing his arm across his
tum produces a sweet, clear note.
Whenever he sees a good looking
young lady spider he stops and gives
her a tune, hoping to win her by mu-
sic."—Philadelphia Bulletin.

The cleverest imitation of real Coffee
ever yet made is Dr. Shoop's Health
Coffee. It is fine in flavor—and is made
in just one minute. No tedious 20 or
30 minutes boiling. Made from pure
parched grains, malt, nuts, etc. Sample
free. McGinn & Smith. t t tf

Revenge.
"That organist Belle jilted for the
aged millionaire played a spiteful trick
at her wedding."
"What did he do?"
"Instead of playing them up the aisle
with the wedding march, he struck up
'Old Hundred.'"—Boston Transcript.

Prospects Brilliant.
"I see you got married yesterday.
Chloe. Are your prospects brilliant?"
"Yaas. Mah husband's friends
brought me fo' mo' washin's."—Circle
Magazine.

A tickling or dry cough can be quick-
ly loosened with Dr. Shoop's Cough
Remedy. No opium, no chloroform,
nothing unsafe or harsh. Sold by H.
P. Dunn. tt

Always Dreaded the 14th.
Most dismal of all men off the stage
was Grimaldi, the clown, and his
father fathered him. He had that
curious dread of a certain date which
assails so many. The elder Grimaldi
hated the 14th of the month, and when
it was passed he regarded himself as
safe until the next. He was born,
christened and married on the 14th
of the month, and, being discontented
with all three events, we will hope his
death on March 14, 1788, satisfied him.
—London Tatler.

**Preventics—those Candy Cold Cure
Tablets—will safely and quickly check
all colds and the Grip. Try them once
and see! 48-25c. Sold by H. P. Dunn. t t**

CHI-NAMEL

Gloss or Mission

This city never saw so many people buying
varnish at one time as during the Chi-Namel
demonstration at the Slipp-Gruenhagen store.
The demonstrator was an expert and showed
Chi-Namel to be a most remarkable varnish.
The average varnish turns white when exposed
to moisture. Chi-Namel neither turns white
nor loses any of its gloss when subject-
ed to boiling water. It does not crumble or
chip off when struck a heavy blow. Makes
a nice surface for floors, tables and all kinds of
wood work in a home.

SLIPP-GRUENHAGEN CO.

217-219 South Seventh Street.

ACME QUALITY
PAINTS, ENAMELS, STAINS AND VARNISHES

are each and every one scientifically prepared for specific uses.
Remember—if it's a surface to be painted, enameled,
stained, varnished or finished in any way, there's an
Acme Quality Kind to fit the purpose. We can
tell you what to use, how much to use and
the cost. Ask us.

"There is a Borneo spider that in the spring days plays a fiddle. It is a common thing for a lovesick spider to dance before his girl, but this Borneo boy my drawing his arm across his tum produces a sweet, clear note. Whenever he sees a good looking young lady spider he stops and gives her a tune, hoping to win her by music."—Philadelphia Bulletin.

The cleverest imitation of real Coffee ever yet made is Dr. Shoop's Health Coffee. It is fine in flavor—and is made in just one minute. No tedious 20 or 30 minutes boiling. Made from pure parched grains, malt, nuts, etc. Sample free. McGinn & Smith. t t f

Revenge.

"That organist Belle filted for the aged millionaire played a spiteful trick at her wedding."
"What did he do?"
"Instead of playing them up the aisle with the wedding march, he struck up 'Old Hundred.'"—Boston Transcript.

Prospects Brilliant.

"I see you got married yesterday. Chloe. Are your prospects brilliant?"
"Yaas. Mah husband's friends brought me fo' mo' washin's."—Circle Magazine.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by H. P. Dunn. tt

Always Dreaded the 14th.

Most dismal of all men off the stage was Grimaldi, the clown, and his father fathered him. He had that curious dread of a certain date which assails so many. The elder Grimaldi hated the 14th of the month, and when it was passed he regarded himself as safe until the next. He was born, christened and married on the 14th of the month, and, being discontented with all three events, we will hope his death on March 14, 1788, satisfied him. —London Tatler.

Preventives—those Candy Cold Cure Tablets—will safely and quickly check all colds and the Grip. Try them once and see! 48-25c. Sold by H. P. Dunn. t t

CHI-NAMEL

Gloss or Mission

This city never saw so many people buying varnish at one time as during the Chi-Namel demonstration at the Slipp-Gruenhagen store. The demonstrator was an expert and showed Chi-Namel to be a most remarkable varnish. The average varnish turns white when exposed to moisture. Chi-Namel neither turns white nor loses any of its gloss when subjected to boiling water. It does not crumble or chip off when struck a heavy blow. Makes a nice surface for floors, tables and all kinds of wood work in a home.

SLIPP-GRUENHAGEN CO.

217-219 South Seventh Street.

ACME QUALITY

Paints and Finishes for Every Home Use

This is the time to freshen up the home by doing the odd jobs of painting you have been planning. For the buggy, the furniture, for the floors and woodwork, for every paint purpose, we have the right Finish.

ACME QUALITY

PAINTS, ENAMELS, STAINS AND VARNISHES

are each and every one scientifically prepared for specific uses. Remember—if it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose. We can tell you what to use, how much to use and the cost. Ask us.

COUNTY COMMISSIONERS

Proceedings of the County Commis-
sioners, Meeting Held May
4th, 1909

Meeting called to order at 10 o'clock a. m.
All members present.
The minutes of the last meeting were read and approved.

Attention was called to the condition of the road between Sec. 32 and 33, township 44 range 30. This road is on the mail route, but had never yet been opened up. Upon motion Commissioners Kienow and Poppenburg were appointed a committee to attend to this matter at once, and an appropriation of \$100.00 or as much thereof as was found necessary was made from the road and bridge fund to be at their disposal.

A letter was read from the town board of Perry Lake calling attention to the condition of the county bridge across Little Pine river in said town. The chairman appointed Commissioner Edquist to look up the matter with power to act.

A proposition from E. Kronberg in regard to a mineral lease on the S½ of NW¼ section 33 township 45 range 30, being part of the county farm was read to the board. He made an offer of 20 cents per ton on a minimum of 10,000 tons per year on the 80 acres. After considerable discussion the matter was laid on the table, as it was thought best not to close the deal at this time.

Application of Sam Buchite on lot 5, section 30 township 138 range 26 and Geo. Wakeman on the SE¼ SE¼ section 12 township 43 range 28 for abatement of back taxes were recommended to the Minnesota tax commission, on the ground that the property was assessed before final proof was made.

Requisition for supplies at the farm for the ensuing month was read and ordered purchased, including two sulky corn cultivators.

Following report of the farm for April was read and placed on file:
Receipts by sale of produce.....\$ 11 97
Credit by keep of inmates 90 days 35 00
Disbursement for labor..... 76 00
Bills pending..... 87 93

Petition for vacating part of the county road in Section 10 township 44 range 29 was presented to the board. A motion was made and carried directing the auditor to have the proper notices posted for a hearing on the question on July 6th.

The report of the county surveyor on a certain disputed portion of state highway number 3 near Merrifield was read and accepted. He stated in the report that the route proposed by the residents was not practicable.

The board adjourned until 2 p. m.

Three bids were received for grading the west approach to the Pine River bridge at Mission. H. E. Kimball \$35.00, Harvey Drake \$35.00, Harry L. Clark 16 cents per yard. Motion made and carried awarding the contract to Mr. Clark, his bid being considered the lowest.

Application of T. R. Foley for a liquor license at Cuyuna was upon motion granted, subject the filing of the necessary bond.

Application of E. K. Wooden for liquor license at Emily was also presented, together with his bond with the Bankers Surety Co., in the sum of \$2000.00, also a petition signed by numerous residents in that town favoring the application. A motion was made and carried granting the license.

A. L. Hoffman appeared and spoke concerning the necessity of clearing the stumps out of the road to Gull Lake so that automobiles could drive on this road. A motion prevailed to refer the matter to Commissioner Kreeh, with authority to expend not to exceed \$15.00.

A resolution was passed instructing the auditor to request the Northern Pacific Railway Co., and the Minnesota & International Railway Co. to file certified copies of the plats, deeds or records covering their yardage and right of way in this county with the register of deeds.

Petition of the town of Pelican for \$200.00 from the road and bridge fund was received and placed on file.

The plat of Andrews addition to Emily was presented to the board and upon motion the same was approved and ordered filed with the register of deeds.

Petition of Herman Tholen to be set off with his lands viz: SW¼ SW¼, E½ SW¼ and lot 3 section 10 township 47 range 28 from district No. 98 to district No. 56 came up for final hearing. A motion was made and duly carried granting the petition, and the auditor was directed to prepare final order.

The request of the Brainerd & Southern Telephone Co. for the right to set their poles along certain highways in the south part of the county was granted.

The bond of the register of titles under the new Torrens system was fixed at \$2000.00 with two or more freehold sureties.

A motion was made and carried directing the auditor to advertise for bids for grading the two approaches to the bridge at the Long Lake narrows in accordance with plans and specifications on file in the auditor's office, bids to be received June 1st, 1909.

The question of work to be done on state highways during the coming sea-

son was discussed at some length. A motion finally prevailed instructing the county surveyor to prepare plans calling for the expenditure of \$1500.00 on each of said roads.

The auditor was directed to notify the contractor on the Pine River bridge at Mission to complete his work at the earliest possible date in compliance with the terms of his agreement.

R. J. Wetherbee appeared in behalf of the petitioner on ditch No. 14 to ascertain what the next procedure should be. It was the opinion of the county attorney that the proceedings should be taken up at the notice of final hearing, which notice has been held to be defective. It was decided to wait until the judges decision had been handed down before issuing notice.

The following bills were allowed:

Fred J. Reid, personal expense serving notices.....\$ 6 50
W. A. M. Johnston, fees to date 57 50
H. J. Spencer, city clerk, fees state cases..... 27 25

The following bills were laid over:
White Bros. (2 bills)..... 72 20
Brainerd Arena..... 128 02

The report of Dan Chord, justice of the peace in Bay Lake together with a statement of the costs in the action was referred back to be presented in proper form.

On motion meeting adjourned.

J. F. SMART,
County Auditor.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Bad Fire at Halifax.

Halifax, N. S., May 6.—Seven large buildings along the waterfront were practically destroyed by fire. The loss is estimated at \$100,000.

Kills To Stop The Fiend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures fever-sores, boils, felons, eczema, salt rheum. Infallible for piles, burns, scalds, cuts, corns. 25c at H. P. Dunn's. t t s w l

Not the Same.

"Excuse me," he said as he entered the public library at Pegantic, "but do you have any social registers here?"

"No, we haven't," said the librarian, with considerable hauteur. "This here buildin' is het up by steam, and we haven't got nothin' but radiators, and we don't allow no settin' around with your feet on to them neither. The nearest thing we got to a social registry in this town is the postoffice stove."—Lippincott's.

DR. A. W. CHASE'S CATARRH POWDER 25c.
is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and immediately cures Catarrh of the nose, throat and lungs. No harmful drugs. 25c. blower free; all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

H. P. Dunn, Druggist.

SHIPPED FOREST TREES

W. H. Belangee Makes Large Ship-
ment to Fremont, Neb., of Crow
Wing County Seedling Trees

W. H. Belangee, whose visit here to secure jack pine seedlings, was mentioned some weeks ago, left for his home in Fremont, Neb., this morning, having made the shipment of the trees yesterday. He shipped 410,000 jack pine seedlings, which he will plant on about 400 acres of his own land. He also shipped a few hundred each of white birch, white pine, spruce and tamarack to try there. He is very enthusiastic over the jack pine as he says it thrives well on the sand land there and the long summers make it grow much more rapidly than in this section of this country. He is also setting a large number of catalpas and locusts for post timber.

CROW WING NEWS

Mrs. W. R. Davis was taken to St. Joseph's hospital in Brainerd on Sunday.

Elvin Young and Miss Addie Young have gone to Spokane.

Jno Chisholm came down from Deerwood on Saturday.

Art Hutchins came down from Hibbing on Saturday, visited in this vicinity and then went over to Ausland.

Mrs. Basil Rathvon came up from Minneapolis Saturday evening and is taying at M. C. Benson's.

Adam Tallman has moved his family from Deerwood into the Farley house.

There will be services in Daugherty's hall on Sunday at 3 p. m.

DEERWOOD NOTES

Attorney A. T. Larson, of Brainerd, was in Deerwood on business on Tuesday.

Miss Amy Howe returned home Tuesday morning from her visit to the twin cities and St. James.

Alice, the six year-old daughter of Mr. and Mrs. Ed. Reinehl is quite sick with an attack of acute indigestion.

Bert Dunn, of Loerch, who had his foot crushed last fall while working on one of C. C. Adams drills, was in town Wednesday to have it dressed. He is improving steadily though slowly.

E. C. Bane, of Brainerd, was transacting business in Deerwood Wednesday afternoon.

Harry Reinehl, who took the examination and received the appointment as carrier for the rural mail route which was established to be started May 1st resigned, just before that date. E. E. Hodgerton was secured as temporary carrier and the route started May 3rd.

L. Knutson, of Brainerd, was in Deerwood and vicinity on Wednesday doing some surveying.

E. A. Lamb, formerly of Washburn, N. D., has opened a land office in the building vacated by the Rogers-Brown company and will make a specialty of handling North Dakota lands.

Peter Moe has bought a residence lot and will erect a residence thereon in the near future.

Dr. R. J. Sewell has the plans drawn for his store building, which will be erected west of the hotel. Dr. Sewell states that the building will be occupied by a drug store, but he does not know under whose management yet.

Cuyler Adams is expected back from Duluth the last of the week. It is rumored that he will erect an office building a short distance east of the Rogers-Brown company's office this summer.

The school district in which Cuyuna is situated has agreed to furnish a teacher for two months this spring for a school at the shaft. The Rogers-Brown company is fitting up a building and will put in temporary desks and seats.

The State Bank at Deerwood has just issued a neat card showing the condition at the close of business April 28. The showing is a good one, the total figures being \$57,584.79 and the total deposits \$46,930.55.

Oscar Carlson returned Wednesday afternoon from a visit to Brainerd.

Chicago

To be style right and sure of it is a pleasure to the man of affairs who has other things on his mind.

He wants to look the part; that is settled, he wants to concern himself with playing it.

The man who buys from us, quickly finds the style and size that suits him best and settles the clothes question to his lasting satisfaction.

The Kuppenheimer name on a suit or topcoat covers down-to-the-minute styles, all that is freshest and finest in seasonable fabrics, the best of specialized tailoring.

You will find your suit in our new showing from
The House of Kuppenheimer

There are grays, greens, tans, blacks and blues—Designs as smart or as staid as you wish.

H. W. LINNEMANN

Mr. and Mrs. B. Magoffin, Jr., were at Brainerd between trains on business Wednesday.

O. E. Culver was a Brainerd visitor on Tuesday, returning on the afternoon train.

It is rumored that Cuyler Adams will plant an addition to Deerwood, located east of the original plat. It is also rumored that there is to be a change in the road from Bay Lake; that it will cross the Northern Pacific tracks a short distance east of the city by an overhead crossing and that it will come down the north side of the track from there, the road on the south side being abandoned.

The section house, according to reports is to be moved from its present location to a point west of the depot and near the present tool house.

Frank E. Oberg and J. O. Hage went to Brainerd to see "The Girls," Wednesday evening.

A little daughter was born to Mr. and Mrs. Peter Brand Sunday morning, April 25. Mr. Brand is very proud of his daughter, and seeks her presence instantly on entering his home.

Miss Winnie L. Green "Y" secretary and state organizer of the Minnesota W. C. T. U., will lecture in the M. E. church, Deerwood, May 19th at 8 p. m. She will also lecture at Bay Lake, Tuesday evening, May 11. A collection will be taken at both meetings.

The surprise party held in honor of August Barten's twenty-second birthday, in the Odd Fellows hall Saturday evening, April 24, was a complete success. The young people enjoyed themselves at various games, music, singing and dancing until 11 o'clock. Lunch was then served after which Mr. Barten was the recipient of a handsome present from the crowd. A few more games were then played and the young people all wishing Mr. Barten many happy birthdays in the future, took their departure.

The Rogers-Brown Ore company will at once commence the construction of three more cottages at Cuyuna, for the use of the miners employed at the Rabbit lake mine.

The work of drilling on the Rogers-Brown company's location on section 30-46-28 is progressing satisfactorily.

Piles
We are so certain that itching, bleeding and protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

COUNTY COMMISSIONERS

Proceedings of the County Commissioners, Meeting Held May 4th, 1909

Meeting called to order at 10 o'clock a. m. All members present. The minutes of the last meeting were read and approved.

Attention was called to the condition of the road between Sec. 32 and 33, township 44 range 30. This road is on the mail route, but had never yet been opened up. Upon motion Commissioners Kienow and Poppenburg were appointed a committee to attend to this matter at once, and an appropriation of \$100.00 or as much thereof as was found necessary was made from the road and bridge fund to be at their disposal.

A letter was read from the town board of Perry Lake calling attention to the condition of the county bridge across Little Pine river in said town. The chairman appointed Commissioner Edquist to look up the matter with power to act.

A proposition from E. Kronberg in regard to a mineral lease on the S½ of NW¼ section 33 township 45 range 30, being part of the county farm was read to the board. He made an offer of 20 cents per ton on a minimum of 10,000 tons per year on the 80 acres. After considerable discussion the matter was laid on the table, as it was thought best not to close the deal at this time.

Application of Sam Buchite on lot 5 section 30 township 138 range 26 and Geo. Wakeman on the SE¼ SE¼ section 12 township 43 range 28 for abatement of back taxes were recommended to the Minnesota tax commission, on the ground that the property was assessed before final proof was made.

Requisition for supplies at the farm for the ensuing month was read and ordered purchased, including two sulky corn cultivators.

Following report of the farm for April was read and placed on file: Receipts by sale of produce, \$11 97 Credit by keep of inmates 90 days 35 00 Disbursement for labor 76 00 Bills pending 87 93 Petition for vacating part of the county road in Section 10 township 44 range 29 was presented to the board. A motion was made and carried directing the auditor to have the proper notices posted for a hearing on the question on July 6th.

The report of the county surveyor on a certain disputed portion of state highway number 3 near Merrifield was read and accepted. He stated in the report that the route proposed by the residents was not practicable.

The board adjourned until 2 p. m.

Three bids were received for grading the west approach to the Pine River bridge at Mission. H. E. Kimball \$35.00, Harvey Drake \$35.00, Harry L. Clark 16 cents per yard. Motion made and carried awarding the contract to Mr. Clark, his bid being considered the lowest.

Application of T. R. Foley for a liquor license at Cuyuna was upon motion granted, subject the filing of the necessary bond.

Application of E. K. Wooden for liquor license at Emily was also presented, together with his bond with the Bankers Surety Co., in the sum of \$2000.00, also a petition signed by numerous residents in that town favoring the application. A motion was made and carried granting the license. A. L. Hoffman appeared and spoke concerning the necessity of clearing the stumps out of the road to Gull Lake so that automobiles could drive on this road. A motion prevailed to refer the matter to Commissioner Krech, with authority to expend not to exceed \$15.00.

A resolution was passed instructing the auditor to request the Northern Pacific Railway Co., and the Minnesota & International Railway Co. to file certified copies of the plats, deeds or records covering their yardage and right of way in this county with the register of deeds.

Petition of the town of Pelican for \$200.00 from the road and bridge fund was received and placed on file.

The plat of Andrews addition to Emily was presented to the board and upon motion the same was approved and ordered filed with the register of deeds.

Petition of Herman Tholen to be set off with his lands viz: SW¼ SW¼, E½ SW¼ and lot 3 section 10 township 47 range 28 from district No. 98 to district No. 56 came up for final hearing. A motion was made and duly carried granting the petition, and the auditor was directed to prepare final order.

The request of the Brainerd & Southern Telephone Co. for the right to set their poles along certain highways in the south part of the county was granted.

The bond of the register of titles under the new Torrens system was fixed at \$2000.00 with two or more freehold sureties.

A motion was made and carried directing the auditor to advertise for bids for grading the two approaches to the bridge at the Long Lake narrows in accordance with plans and specifications on file in the auditors office, bids to be received June 1st, 1909.

The question of work to be done on state highways during the coming sea-

son was discussed at some length. A motion finally prevailed instructing the county surveyor to prepare plans calling for the expenditure of \$1500.00 on each of said roads.

The auditor was directed to notify the contractor on the Pine River bridge at Mission to complete his work at the earliest possible date in compliance with the terms of his agreement.

R. J. Wetherbee appeared in behalf of the petitioner on ditch No. 14 to ascertain what the next procedure should be. It was the opinion of the county attorney that the proceedings should be taken up at the notice of final hearing, which notice has been held to be defective. It was decided to wait until the judges decision had been handed down before issuing notice.

The following bills were allowed:

Fred J. Reid, personal expense serving notices, \$ 6 50
W. A. M. Johnston, fees to date 57 50
H. J. Spencer, city clerk, fees state cases, 27 25

The following bills were laid over: White Bros. (2 bills), 72 20

Brainerd Arena, 128 02

The report of Dan Chord, justice of the peace in Bay Lake together with a statement of the costs in the action was referred back to be presented in proper form.

On motion meeting adjourned.

J. F. SMART,
County Auditor.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

SHIPPED FOREST TREES

W. H. Belangee Makes Large Shipment to Fremont, Neb., of Crow Wing County Seedling Trees

W. H. Belangee, whose visit here to secure jack pine seedlings, was mentioned some weeks ago, left for his home in Fremont, Neb., this morning, having made the shipment of the trees yesterday. He shipped 410,000 jack pine seedlings, which he will plant on about 400 acres of his own land. He also shipped a few hundred each of white birch, white pine, spruce and tamarack to try there. He is very enthusiastic over the jack pine as he says it thrives well on the sand land there and the long summers make it grow much more rapidly than in this section of this country. He is also setting a large number of catalpas and locusts for post timber.

CROW WING NEWS

Mrs. W. R. Davis was taken to St. Joseph's hospital in Brainerd on Sunday.

Elvin Young and Miss Addie Young have gone to Spokane.

Jno Chisholm came down from Deerwood on Saturday.

Art Hutchins came down from Hibbing on Saturday, visited in this vicinity and then went over to Ausland.

Mrs. Basil Rathvon came up from Minneapolis Saturday evening and is taying at M. C. Benson's.

Adam Tallman has moved his family from Deerwood into the Farley house.

There will be services in Daugherty's hall on Sunday at 3 p. m.

DEERWOOD NOTES

Attorney A. T. Larson, of Brainerd, was in Deerwood on business on Tuesday.

Miss Amy Howe returned home Tuesday morning from her visit to the twin cities and St. James.

Alice, the six year-old daughter of Mr. and Mrs. Ed. Reinehl is quite sick with an attack of acute indigestion.

Bert Dunn, of Loerch, who had his foot crushed last fall while working on one of C. C. Adams drills, was in town Wednesday to have it dressed. He is improving steadily though slowly.

E. C. Bane, of Brainerd, was transacting business in Deerwood Wednesday afternoon.

Harry Reinehl, who took the examination and received the appointment as carrier for the rural mail route which was established to be started May 1st resigned, just before that date. E. E. Hodgdon was secured as temporary carrier and the route started May 3rd.

L. Knutson, of Brainerd, was in Deerwood and vicinity on Wednesday doing some surveying.

E. A. Lamb, formerly of Washburn, N. D., has opened a land office in the building vacated by the Rogers-Brown company and will make a specialty of handling North Dakota lands.

Peter Moe has bought a residence lot and will erect a residence thereon in the near future.

Dr. R. J. Sewell has the plans drawn for his store building, which will be erected west of the hotel. Dr. Sewell states that the building will be occupied by a drug store, but he does not know under whose management yet.

Cuyler Adams is expected back from Duluth the last of the week. It is rumored that he will erect an office building a short distance east of the Rogers-Brown company's office this summer.

The school district in which Cuyuna is situated has agreed to furnish a teacher for two months this spring for a school at the shaft. The Rogers-Brown company is fitting up a building and will put in temporary desks and seats.

The State Bank at Deerwood has just issued a neat card showing the condition at the close of business April 28. The showing is a good one, the total figures being \$57,584.79 and the total deposits \$46,930.55.

Oscar Carlson returned Wednesday afternoon from a visit to Brainerd.

A Businesslike Store For the Business Man

Copyright 1909
The House of Kuppenheimer
Chicago

To be style right and sure of it is a pleasure to the man of affairs who has other things on his mind.

He wants to look the part; that is settled, he wants to concern himself with playing it.

The man who buys from us, quickly finds the style and size that suits him best and settles the clothes question to his lasting satisfaction.

The Kuppenheimer name on a suit or topcoat covers down-to-the-minute styles, all that is freshest and finest in seasonable fabrics, the best of specialized tailoring.

You will find your suit in our new showing from
The House of Kuppenheimer

There are grays, greens, tans, blacks and blues—Designs as smart or as staid as you wish.

H. W. LINNEMANN

Mr. and Mrs. B. Magoffin, Jr., were at Brainerd between trains on business Wednesday.

O. E. Culver was a Brainerd visitor on Tuesday, returning on the afternoon train.

It is rumored that Cuyler Adams will plat an addition to Deerwood, located east of the original plat. It is also rumored that there is to be a change in the road from Bay Lake; that it will cross the Northern Pacific tracks a short distance east of the city by an overhead crossing and that it will come down the north side of the track from there, the road on the south side being abandoned.

The section house, according to reports is to be moved from its present location to a point west of the depot and near the present tool house.

Frank E. Oberg and J. O. Hage went to Brainerd to see "The Girls," Wednesday evening.

A little daughter was born to Mr. and Mrs. Peter Brand Sunday morning, April 25. Mr. Brand is very proud of his daughter, and seeks her presence instantly on entering his home.

Miss Winnie L. Green "Y" secretary and state organizer of the Minnesota W. C. T. U., will lecture in the M. E. church, Deerwood, May 19th at 8 p. m. She will also lecture at Bay Lake, Tuesday evening, May 11. A collection will be taken at both meetings.

The surprise party held in honor of August Barten's twenty-second birthday, in the Odd Fellows hall Saturday evening, April 24, was a complete success. The young people enjoyed themselves at various games, music, singing and dancing until 11 o'clock. Lunch was then served after which Mr. Barten was the recipient of a handsome present from the crowd. A few more games were then played and the young people all wishing Mr. Barten many happy birthdays in the future, took their departure.

The Rogers-Brown Ore company will at once commence the construction of three more cottages at Cuyuna, for the use of the miners employed at the Rabbit lake mine.

The work of drilling on the Rogers-Brown company's location on section 30-46-28 is progressing satisfactorily.

Piles
We are so certain that Itching, Bleeding and Protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

50 cents a box at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

H. P. Dunn, Druggist

the drilling being done to outline the ore body preparatory to the location of a new shaft, the one started about a year ago being abandoned. The shaft to be put down will be of concrete construction and it is said will be one of the most up-to-date shafts among the iron mines of the country.

Bijou Offerings

Coming, next week, Lipman & Lewis, singing, talking, dancing comedians. 28413

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.

Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

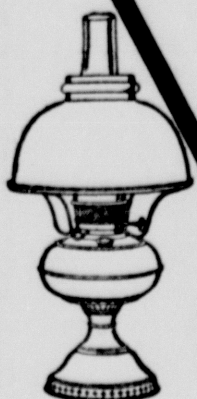

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

The **Rayo Lamp** gives perfect combustion whether high or low—is therefore free from disagreeable odor and cannot smoke. Safe, convenient, ornamental—the ideal light. If not at your dealer's address our nearest agency.

STANDARD OIL COMPANY (Incorporated)

BALLOONING AT NIGHT.

Clifford B. Harmon Says It Is an Incomparable Enjoyment.

Ballooning by moonlight with only the music of the stars to soothe one is, according to Clifford B. Harmon of New York city, "the incomparable and supreme enjoyment."

Mr. Harmon is qualifying to become a licensed pilot of the Aero Club of America. One of the conditions is that a ride by night be taken in a balloon. Mr. Harmon recently took his first night sail in a swaying basket at North Adams, Mass., beginning at 2:27 a. m. The balloon was the North Adams No. 1 and was piloted by A. Holland Forbes, vice president of the Aero club. After remaining aloft a trifle over five hours the aeronauts descended on Buck's hill, near Waterbury, Conn.

"I have the fever—got it bad," said Mr. Harmon the other night. "Ballooning by moonlight! I saw it, I felt it, but how can a man describe it? Not long after we cut loose we were 7,000 feet in the air. We moved in a southeasterly direction and in a dream. We heard now and then the faint bark of a dog. It was cold, still and beautiful. Fear was the furthest removed from the minds of both of us. The moon shone while we traveled at the rate of fifteen or sixteen miles an hour and, saying little, permitted our systems to become saturated with the sensations that the time and the place and the moon inspired."

Mr. Harmon will be aid to Mr. Forbes in the balloon race for the Lahm cup from Indianapolis on June 5. He means to qualify on that trip for a pilot's license. Then, he says, he will buy a dirigible balloon.

MIMIC SANTIAGO BATTLE.

Hobson and Schley Will Repeat Feats at the Alaska Exposition.

The government finally has consented to a reproduction of the battle of Santiago at the Alaska-Yukon-Pacific exposition in Seattle, Wash., in which Admiral Winfield S. Schley and Congressman Richmond Pearson Hobson will re-enact the parts they took, according to advices from Washington. The date has been set for Friday, July 2, which comes in grand military carnival week, when the United States army will hold its midsummer maneuvers for the division of the army west of Denver, aided by state troops from the northwest and military attaches of foreign governments.

The reproduction of the battle will take place in Lake Washington, which connects with Puget sound and affords

every natural advantage for the portrayal of the famous conflict. Lake Washington skirts the exposition grounds, and the neck of the channel that leads to the sound will be blocked with wooden craft in the manner in which Hobson prevented the escape of the Spanish fleet from Santiago.

Admiral Schley will command the improvised fleet, which will consist of ten government gunboats that are to be attached to the exposition throughout the summer, and personally take charge of the maneuvers.

HOW TO LIVE 1,000 YEARS.

Dr. Fair Says White Clothing and Fresh Air Will Do It.

"If every person in the city of Boston when he arose tomorrow morning would dress entirely in white from the skin out and would go thus attired for a single day the wearing of this color for even such a short period would increase the longevity of every person in the city by a whole year."

This is the doctrine of Dr. John Fair, head of Boston's newest cult, the "new life." Dr. Fair asserts that he is now living in his third incarnation, the two former mortal existences, one in the time of the Prophet Isaiah and the other in the thirteenth and fourteenth centuries, being well remembered by him.

"I offer to every one who accepts my faith not 100 or 200 but 1,000 or more years of life if it is desired," says Dr. Fair. "It is easily achieved by adopting the teachings of the 'new life' creed. Dress always in white."

"White is the prime principle of life. The two words white and life are closely related. On the other hand, I believe there should be a universal law making it a crime for any person to go attired in black or dark apparel. Dark is synonymous with death and should be prohibited, just as all thought of death should be banished from the mind. Do not think of death; do not believe in death. Keep your mind in a condition where only the most cheerful and brightest thoughts will prevail."

"Live principally upon vegetables and nuts. Abjure meat, milk, oil and flesh of all kinds as well as all stimulants. Sleep eight hours daily, exercise eight hours and work eight hours."

"A man's most critical hour in the day is the thirty minutes before and after meals. He should absolutely stop work a half hour before each meal and must not resume work until a half hour after each meal. Sleep with your bedroom window open every night all your lifetime. Always have a draft in your room."

CAPTAIN AND CREW IN JAIL

Strange Story Told by Escaped American Sailor.

MAY SOLVE MYSTERY OF SEA

Cipriano Castro, When President of Venezuela, Said to Have Imprisoned the Captain and Crew of the American Whaler Carrie D. Knowles, Long Since Thought to Have Been Lost at Sea.

Kingston, St. Vincent, B. W. I., May 6.—It may be that Captain Collins Stephenson and the crew of the American whaling ship Carrie D. Knowles, long since thought to have been lost at sea, are still alive in a Venezuelan prison. An American sea man, who gives the name of Payne, an escaped prisoner from Venezuela, has made his way to Kingston, where he laid before the authorities an astounding story of the seizure of the Knowles at a Venezuelan port where she arrived five years ago in distress, and the incarceration by the Venezuelans of the captain and his men.

The authorities here have taken down his full statement and have already taken steps toward a thorough investigation.

On Jan. 27, 1904, the Knowles sailed from Provincetown, Mass. Her captain was Collins Stephenson and she carried a crew of a dozen men, all of whom Payne asserts are now in a Venezuelan prison.

The vessel was supposed to have been lost in a West Indian storm. Some of the crew belonged in St. Vincent and the local insurance company eventually paid claims on the assumption that the sailors were dead.

The story Payne told caused great excitement, not only because of the seriousness of the charges, but because it added another to many tales concerning high handed methods of Venezuelans under the administration of Castro. Payne declared that the whaler had been disabled in a storm off the Venezuelan coast and had made port in distress. She was seized and the captain and crew thrown into jail. He states that all the men are alive, but closely confined.

The details of Payne's escape are not known. The police will detain him until investigation establishes the truth or falsity of his assertions. It is possible, however, that he is one of the score or more prisoners who escaped from the penitentiary at Maracaibo about two weeks ago.

IN TRIAL OF NIGHT RIDERS

Sensational Testimony Adduced at Waverly, Tenn.

Waverly, Tenn., May 6.—The climax to a day of sensational testimony in the trial of the fifteen alleged night riders here came in the arrest of William Fortner on a bench warrant. It is charged that Fortner was with a band of night riders who whipped Squire Reece on Oct. 15, last; that he presented a pistol at Reece's front door while Will Norman, the alleged leader, who has fled, entered the house.

The attorney general produced in the court what he claimed to be the original manuscript of the combined oath and bylaws of the night riders. Witnesses for the state testified that the oath and bylaws to which they subscribed when joining the organization were similar if not identical. One witness said that at a meeting the suggestion was made by Will Norman that J. T. Anderson, a prominent merchant of Waverly, be induced to attend a meeting and then shot, his body being left in a conspicuous place with a note pinned on it, stating that the night riders had killed him. The idea, he said, was abandoned after some debate.

MAKE ATTACK ON LAKE BOAT

But Strikers Are Driven Away by Police at Buffalo.

Buffalo, N. Y., May 6.—Strikers who rushed on board the steamer Charles W. Kotcher at the export elevator dock here to take off the crew were met with a volley of shots by the special men on board. The strikers stuck to the boat until the police reserves arrived. They then scattered and ran. No arrests were made and so far as known no one was hit by the revolver shots.

A number of members of the crew of the Badger State were badly beaten on the dock at Tonawanda just before the steamer sailed.

Union seamen and cooks left the steamers J. S. Morrow and Frederick B. Wells here. The steamers America and William Castle Rhodes sailed with nonunion crews. The America has been held up several days for lack of men. A crowd of strikers showered her with stones as she passed out of the harbor. These package freighters left with union crews: Averill, Rome, Ogdensburg and Wilkesbarre.

Five Men Killed by Explosion.

Magdeburg, Germany, May 6.—Five men were killed by an explosion in the Schoenebeck gunpowder factory.

INTEND TO TAKE AN APPEAL

Missouri Officials Will Carry Rate Cases to Higher Court.

Kansas City, Mo., May 6.—"There has been so much talk about the decree of this court in the Missouri railroad rate cases that it seems strange to me that an appeal has not been taken from that decree. Do you intend to appeal?"

"Yes sir. A transcript is now being prepared for an appeal to the supreme court of the United States."

Judge Smith McPherson, presiding, asked the foregoing question and Attorney General Major of Missouri, testifying, gave this answer at the hearing in the federal court to decide whether the temporary restraining order of the federal court enjoining the state from interfering in the rate cases was to be made permanent. Judge McPherson had recalled Attorney General Major to the stand to ask the question:

"Well, why have you waited so long to file your appeal?" continued the judge.

"Because the record of the case is quite voluminous and it will require some time to complete the transcript. Besides, the law allows two years in which to file an appeal," responded the attorney general.

"Do you really intend to appeal?" asked Judge O. M. Spencer of St. Joseph, counsel for the Burlington railway, addressing Sandford B. Ladd, representing the state.

"We certainly do," responded Mr. Ladd.

After leaving the witness stand Attorney General Major stated that he expected to appeal the case to the United States supreme court about July 1.

Siebert Jones, circuit attorney of St. Louis, testified that the injunction suit which he filed against the railroad roads restraining them from putting into effect a 3-cent passenger rate, was inspired by Governor Hadley. He said the petition was prepared by John Kennish and Rush Lake who were assistants attorney general when Mr. Hadley was attorney general.

BRITISH MARKSMEN WIN

Defeat Americans in Small Bore Rifle Match.

Washington, May 6.—British riflemen in the international small bore match just ended demonstrated their superiority over the Americans by scoring an overwhelming victory. The match was a friendly one with small bore rifles on gallery ranges in the respective countries. The targets were issued by the British society of miniature rifle clubs, were signed by the respective associations and interchanged, and the results announced by cable. Australia, the other contestant, has not yet been heard from, but the National Rifle Association of America, under whose auspices the contests were conducted in this country, is of the opinion that their scores will not equal those of the British team.

The British team made the grand total of 14,583 points out of a possible 15,000, or an average of 291 per man. The scores of the American team were 14,179.

Chinaman a Justice of the Peace.

Charles K. Shu, probably the first Chinaman to be vested with the authority of justice of the peace in any state in the United States, was recently invested at Boston with that authority by the commonwealth of Massachusetts. Shu is a native of Seattle, Wash.

TRIAL OF BOYLE IS BEGUN

Jury to Try Alleged Kidnapper Tentatively Selected.

Mercer, Pa., May 6.—James H. Boyle, charged with the abduction of Willie Whittle of Sharon, Pa., was placed on trial here. When court adjourned for the day, one hour later, a jury had been tentatively selected. Only twenty-seven men were examined before the box was filled. It is believed the trial can be concluded before the end of the present week. There are from forty to fifty witnesses for the state and several for the defense, but the testimony of most of them will be brief.

The prosecution secured the following statement from G. A. Genzer S. J., formerly of Holy Family church Chicago:

"On the 4th day of February, 1905 I united in the bonds of matrimony Edward Shaeffer and Anna McDer mott in this city, in the presence of John Butler and Mary Middleman dispensation of differing religion having been obtained."

"I certify that the above abstract is correct."

—W. J. PETERS, S. J.

Rev. Father Genzer is now stationed at Toledo and T. C. Cochran for the prosecution made an effort to have him come here to try to identify Mrs. Boyle as the woman he had united in marriage. But he positively declined to come.

Believing that they could show that Mrs. Boyle is not legally married to James H. Boyle, the prosecution had had her summoned as a witness for the state against Boyle. But the refusal of the priest to attempt the woman's identification has put a stop to their efforts in this line.

PREHISTORIC "SAUSAGE."

Strange Discovery Made in Ancient Bed of a River.

While some workmen were making excavations in a new addition in the northern part of Columbus, Ind., the other day they found a substance at a depth of about six feet which resembled sausage mixed with lard.

The ground had never been disturbed within the memory of any one now living, and it is believed to have been the bed of White river at some remote date. The substance found was soft and pliable and could easily have been cut into cakes and fried like latter day sausage.

One of the workmen had a dog with him, and after the dog had sniffed at the prehistoric substance a few moments it ate a quantity of the "sausage." The dog suffered no ill effects and would have taken more had the man allowed it. The rest of the "sausage" saved was to be sent to a chemist to be analyzed.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true is readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicine and showing what the most eminent medical men of the age say of them.

An Author's Initials.

Initials are sometimes the resort of the writer who is anxious to conceal his identity, and a glance through any one of the 700 volumes that comprise the catalogue of the British museum reading room will discover some strange instances. A theological book, entitled "Inquiry Into the Meaning of Demoniacks In the New Testament," is attributed to T. P. A. P. O. A. B. I. C. O. S. Its real author was a certain Arthur Sykes, and the initials reveal his postulo as "the precentor and prebendary of Alton Borealis in the church at Salisbury."—London Chronicle.

Corn Products Refining Company New York

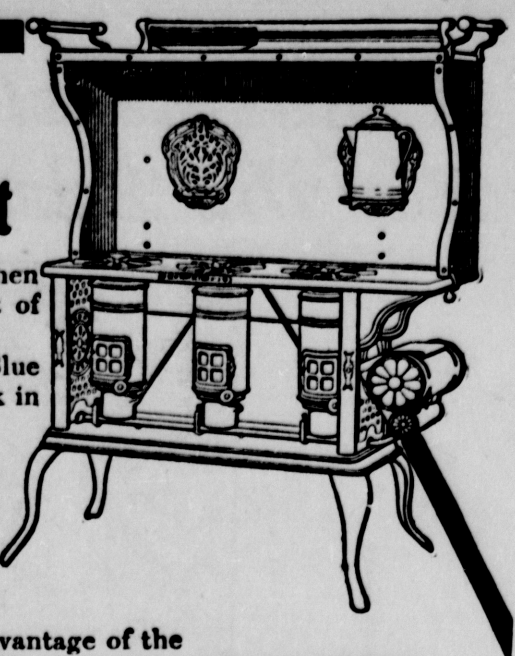

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.

Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

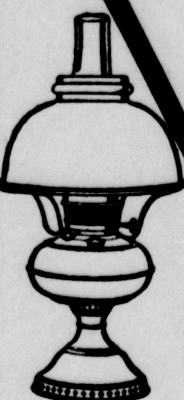

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

The **Rayo Lamp** gives perfect combustion whether high or low—is therefore free from disagreeable odor and cannot smoke. Safe, convenient, ornamental—the ideal light. If not at your dealer's address our nearest agency.

STANDARD OIL COMPANY (Incorporated)

BALLOONING AT NIGHT.

Clifford B. Harmon Says It is an Incomparable Enjoyment.

Ballooning by moonlight with only the music of the stars to soothe one is, according to Clifford B. Harmon of New York city, "the incomparable and supreme enjoyment."

Mr. Harmon is qualifying to become a licensed pilot of the Aero Club of America. One of the conditions is that a ride by night be taken in a balloon. Mr. Harmon recently took his first night sail in a swaying basket at North Adams, Mass., beginning at 2:27 a. m. The balloon was the North Adams No. 1 and was piloted by A. Holland Forbes, vice president of the Aero club. After remaining aloft a trifle over five hours the aeronauts descended on Buck's hill, near Waterbury, Conn.

"I have the fever—got it bad," said Mr. Harmon the other night. "Ballooning by moonlight! I saw it, I felt it, but how can a man describe it? Not long after we cut loose we were 7,000 feet in the air. We moved in a southeasterly direction and in a dream. We heard now and then the faint bark of a dog. It was cold, still and beautiful. Fear was the furthest removed from the minds of both of us. The moon shone while we traveled at the rate of fifteen or sixteen miles an hour and, saying little, permitted our systems to become saturated with the sensations that the time and the place and the moon inspired."

Mr. Harmon will be aid to Mr. Forbes in the balloon race for the Lahm cup from Indianapolis on June 5. He means to qualify on that trip for a pilot's license. Then, he says, he will buy a dirigible balloon.

MIMIC SANTIAGO BATTLE.

Hobson and Schley Will Repeat Feats at the Alaska Exposition.

The government finally has consented to a reproduction of the battle of Santiago at the Alaska-Yukon-Pacific exposition in Seattle, Wash., in which Admiral Winfield S. Schley and Congressman Richmond Pearson Hobson will re-enact the parts they took, according to advices from Washington. The date has been set for Friday, July 2, which comes in grand military carnival week, when the United States army will hold its midsummer maneuvers for the division of the army west of Denver, aided by state troops from the northwest and military attaches of foreign governments.

The reproduction of the battle will take place in Lake Washington, which connects with Puget sound and affords

every natural advantage for the portrayal of the famous conflict. Lake Washington skirts the exposition grounds, and the neck of the channel that leads to the sound will be blocked with wooden craft in the manner in which Hobson prevented the escape of the Spanish fleet from Santiago. Admiral Schley will command the improvised fleet, which will consist of ten government gunboats that are to be attached to the exposition throughout the summer, and personally take charge of the maneuvers.

HOW TO LIVE 1,000 YEARS.

Dr. Fair Says White Clothing and Fresh Air Will Do It.

"If every person in the city of Boston when he arose tomorrow morning would dress entirely in white from the skin out and would go thus attired for a single day the wearing of this color for even such a short period would increase the longevity of every person in the city by a whole year."

This is the doctrine of Dr. John Fair, head of Boston's newest cult, the "new life." Dr. Fair asserts that he is now living in his third incarnation, the two former mortal existences, one in the time of the Prophet Isaiah and the other in the thirteenth and fourteenth centuries, being well remembered by him.

"I offer to every one who accepts my faith not 100 or 200 but 1,000 or more years of life if it is desired," says Dr. Fair. "It is easily achieved by adopting the teachings of the 'new life' creed. Dress always in white."

"White is the prime principle of life. The two words white and life are closely related. On the other hand, I believe there should be a universal law making it a crime for any person to go attired in black or dark apparel. Dark is synonymous with death and should be prohibited, just as all thought of death should be banished from the mind. Do not think of death; do not believe in death. Keep your mind in a condition where only the most cheerful and brightest thoughts will prevail."

"Live principally upon vegetables and nuts. Abjure meat, milk, oil and flesh of all kinds as well as all stimulants. Sleep eight hours daily, exercise eight hours and work eight hours."

"A man's most critical hour in the day is the thirty minutes before and after meals. He should absolutely stop work a half hour before each meal and must not resume work until a half hour after each meal. Sleep with your bedroom window open every night all your lifetime. Always have a draft in your room."

CAPTAIN AND CREW IN JAIL

Strange Story Told by Escaped American Sailor.

MAY SOLVE MYSTERY OF SEA

Cipriano Castro, When President of Venezuela, Said to Have Imprisoned the Captain and Crew of the American Whaler Carrie D. Knowles, Long Since Thought to Have Been Lost at Sea.

Kingston, St. Vincent, B. W. I., May 6.—It may be that Captain Collins Stephenson and the crew of the American whaling ship Carrie D. Knowles, long since thought to have been lost at sea, are still alive in a Venezuelan prison. An American sea man, who gives the name of Payne, an escaped prisoner from Venezuela has made his way to Kingston, where he laid before the authorities an astounding story of the seizure of the Knowles at a Venezuelan port where she arrived five years ago in distress, and the incarceration by the Venezuelans of the captain and his men.

The authorities here have taken down his full statement and have already taken steps toward a thorough investigation.

On Jan. 27, 1904, the Knowles sailed from Provincetown, Mass. Her captain was Collins Stephenson and she carried a crew of a dozen men, all of whom Payne asserts are now in a Venezuelan prison.

The vessel was supposed to have been lost in a West Indian storm. Some of the crew belonged in St. Vincent and the local insurance company eventually paid claims on the assumption that the sailors were dead.

The story Payne told caused great excitement, not only because of the seriousness of the charges, but because it added another to many tales concerning high handed methods of Venezuelans under the administration of Castro. Payne declared that the whaler had been disabled in a storm off the Venezuelan coast and had made port in distress. She was seized and the captain and crew thrown into jail. He states that all the men are alive, but closely confined.

The details of Payne's escape are not known. The police will detain him until investigation establishes the truth or falsity of his assertions. It is possible, however, that he is one of the score or more prisoners who escaped from the penitentiary at Maracaibo about two weeks ago.

IN TRIAL OF NIGHT RIDERS

Sensational Testimony Adduced at Waverly, Tenn.

Waverly, Tenn., May 6.—The climax to a day of sensational testimony in the trial of the fifteen alleged night riders here came in the arrest of William Fortner on a bench warrant. It is charged that Fortner was with a band of night riders who whipped Squire Reece on Oct. 15, last; that he presented a pistol at Reece's front door while Will Norman, the alleged leader, who has fled, entered the house.

The attorney general produced in the court what he claimed to be the original manuscript of the combined oath and bylaws of the night riders. Witnesses for the state testified that the oath and bylaws to which they subscribed when joining the organization were similar if not identical. One witness said that at a meeting the suggestion was made by Will Norman that J. T. Anderson, a prominent merchant of Waverly, be induced to attend a meeting and then shot, his body being left in a conspicuous place with a note pinned on it, stating that the night riders had killed him. The idea, he said, was abandoned after some debate.

The attorney general produced in the court what he claimed to be the original manuscript of the combined oath and bylaws of the night riders. Witnesses for the state testified that the oath and bylaws to which they subscribed when joining the organization were similar if not identical. One witness said that at a meeting the suggestion was made by Will Norman that J. T. Anderson, a prominent merchant of Waverly, be induced to attend a meeting and then shot, his body being left in a conspicuous place with a note pinned on it, stating that the night riders had killed him. The idea, he said, was abandoned after some debate.

MAKE ATTACK ON LAKE BOAT

But Strikers Are Driven Away by Police at Buffalo.

Buffalo, N. Y., May 6.—Strikers who rushed on board the steamer Charles W. Kotcher at the export elevator dock here to take off the crew were met with a volley of shots by the special men on board. The strikers stuck to the boat until the police reserves arrived. They then scattered and ran. No arrests were made and so far as known no one was hit by the revolver shots.

A number of members of the crew of the Badger State were badly beaten on the dock at Tonawanda just before the steamer sailed.

Union seamen and cooks left the steamers J. S. Morrow and Frederick B. Wells here. The steamers America and William Castle Rhodes sailed with nonunion crews. The America has been held up several days for lack of men. A crowd of strikers showered her with stones as she passed out of the harbor. These package freighters left with union crews: Averill, Rome, Ogdensburg and Wilkesbarre.

Five Men Killed by Explosion. Magdeburg, Germany, May 6.—Five men were killed by an explosion in the Schoenebeck gunpowder factory.

INTEND TO TAKE AN APPEAL

Missouri Officials Will Carry Rate Cases to Higher Court.

Kansas City, Mo., May 6.—"There has been so much talk about the decree of this court in the Missouri railroad rate cases that it seems strange to me that an appeal has not been taken from that decree. Do you intend to appeal?"

"Yes sir. A transcript is now being prepared for an appeal to the supreme court of the United States."

Judge Smith McPherson, presiding, asked the foregoing question and Attorney General Major of Missouri, testifying, gave this answer at the hearing in the federal court to decide whether the temporary restraining order of the federal court enjoining the state from interfering in the rate cases was to be made permanent. Judge McPherson had recalled Attorney General Major to the stand to ask the question:

"Well, why have you waited so long to file your appeal?" continued the judge.

"Because the record of the case is quite voluminous and it will require some time to complete the transcript. Besides, the law allows two years in which to file an appeal," responded the attorney general.

"Do you really intend to appeal?" asked Judge O. M. Spencer of St. Joseph, counsel for the Burlington railway, addressing Sandford B. Ladd, representing the state.

"We certainly do," responded Mr. Ladd.

After leaving the witness stand Attorney General Major stated that he expected to appeal the case to the United States supreme court about July 1.

Siebert Jones, circuit attorney of St. Louis, testified that the injunction suit which he filed against the railroads restraining them from putting into effect a 3-cent passenger rate, was inspired by Governor Hadley. He said the petition was prepared by John Kennish and Rush Blake who were assistants attorney general when Mr. Hadley was attorney general.

BRITISH MARKSMEN WIN

Defeat Americans in Small Bore Rifle Match.

Washington, May 6.—British riflemen in the international small bore match just ended demonstrated their superiority over the Americans by scoring an overwhelming victory. The match was a friendly one with small bore rifles on gallery ranges in the respective countries. The targets were issued by the British society of miniature rifle clubs, were signed by the respective associations and interchanged, and the results announced by cable. Australia, the other contestant, has not yet been heard from, but the National Rifle Association of America, under whose auspices the contests were conducted in this country, is of the opinion that their scores will not equal those of the British team.

The British team made the grand total of 14,583 points out of a possible 15,000, or an average of 291 per man. The scores of the American team were 14,179.

Chinaman a Justice of the Peace.

Charles K. Shu, probably the first Chinaman to be vested with the authority of justice of the peace in any state in the United States, was recently invested at Boston with that authority by the commonwealth of Massachusetts. Shu is a native of Seattle, Wash.
